

**Blue Mountains & Nepean
Christian Model Railway Fellowship**

Blue Mountains & Nepean Christian Model Railway Fellowship (BM&NCMRF) was started in 1994 by a group of people who shared a love of the Lord Jesus Christ, plus an interest in trains in general, models in particular.

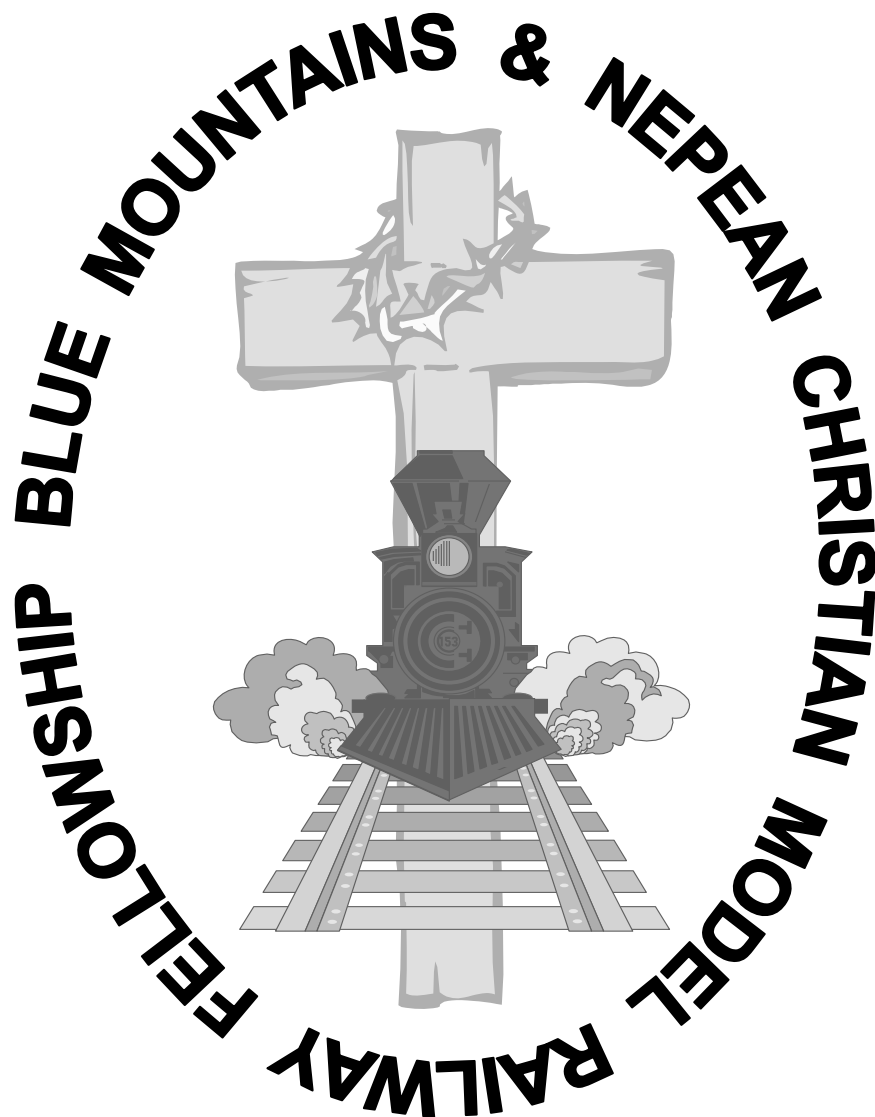

BM&NCMRF is not a club, has no office bearers, no fees and no politics. We meet at various locations as advertised in our programme leaflet, often in members' homes for running sessions and/or video nights. During the get-togethers we share in devotions, fellowship and afternoon tea or supper. We are also affiliated with the Valley Heights Train Museum.

Meetings are usually held on the fourth Saturday afternoon or night of each month, unless otherwise advised. For further information, please contact one of the names below.

BM&NCMRF mission statement: "To meet as a fellowship with Christ as our head, with the additional common interest of model railways. To enjoy our hobby without the constraints of a structured organisation or pressured meetings. To encourage others, whether Christian or not, to have a closer walk with the Lord, encourage them in their hobby; and to see God's kingdom expand to all areas."
